

GEO Technical Guidance Note No. 8 (TGN 8)
Maintenance Requirements for Natural Terrain Hazard Mitigation Measures

Issue No.: 2	Revision: -	Date: 1.7.2004	Page: 1 of 2
--------------	-------------	----------------	--------------

1. **SCOPE**

- 1.1 This Technical Guidance Note (TGN) provides technical guidelines on the recommended good practice for the maintenance of Natural Terrain Hazard Mitigation Measures.
- 1.2 Any feedback on this TGN should be directed to Chief Geotechnical Engineer/Planning of the GEO.

2. **TECHNICAL POLICY**

- 2.1 The technical recommendations promulgated in this TGN were agreed by the GEO's Geotechnical Control Conference (GCC) by circulation in May 2004.

3. **RELATED DOCUMENTS**

- 3.1 Geotechnical Engineering Office (2003). *Guide to Slope Maintenance (Geoguide 5). (Third Edition)*. Geotechnical Engineering Office, Hong Kong, 132 p.

4. **DEFINITIONS**

- 4.1 Nil.

5. **TECHNICAL RECOMMENDATIONS**

- 5.1 Geoguide 5 (Third Edition) provides recommended good practice for the maintenance requirements for natural terrain hazard mitigation measures.

6. **ANNEXES**

- 6.1 Nil.
