

**Civil Engineering and Development Department (CEDD)**

**2018 Annual Open Data Plan**

**A. Departmental datasets to be released in 2019**

	<b>Type of Data/ Name of Dataset</b>	<b>Target Release Date</b>	<b>Frequency of Updating</b>	<b>Remarks</b>
1.	Development/Registered Man-made Slopes	09/2019	Monthly	<ul style="list-style-type: none"><li>- An inventory of all man-made slopes registered in the Government Slope Catalogue</li><li>- Data in machine-readable format (FGDB or Shp) will be available for access through PSI Portal</li></ul>

**B. Departmental datasets to be released in 2020 and 2021**

	<b>Type of Data/ Name of Dataset</b>	<b>Target Release Date</b>	<b>Frequency of Updating</b>	<b>Remarks</b>
1.	Development/Landslide Warning Sign – Road with a History of Landslides	06/2020	Annual	<ul style="list-style-type: none"><li>- The distribution of standard traffic warning sign 487 erected along busy road with a history of landslides</li><li>- Data in machine-readable format (FGDB or Shp) will be available for access through PSI Portal</li></ul>
2.	Development/Landslide Warning Sign – Slopes Affecting Squatters	06/2020	Annual	<ul style="list-style-type: none"><li>- The distribution of squatter warning sign, which serves to warn the affected squatter dwellings about landslide risk</li><li>- Data in machine-readable format (FGDB or Shp) will be available for access through PSI Portal</li></ul>
3.	Development/List of Natural Hillside Catchments with Works Being Upgraded or Pending Upgrading Under Current Contracts	09/2020	Monthly	<ul style="list-style-type: none"><li>- The list of Natural Hillside Catchments with Works Being Upgraded or Pending Upgrading Under Current LPMit Contracts</li></ul>

				- Data in machine-readable format (CSV, FGDB or Shp) will be available for access through PSI Portal
4.	Development/List of Substandard Government man-made Slopes Being Upgraded or Pending Upgrading Under Current Contracts	09/2020	Monthly	- The list of Substandard Government man-made Slopes Being Upgraded or Pending Upgrading Under Current LPMit Contracts - Data in machine-readable format (CSV, FGDB or Shp) will be available for access through PSI Portal
5.	Development/List of Study Areas Being Studied or Scheduled for Studying Under Current Agreements	09/2020	Monthly	- The list of Study Areas Being Studied or Scheduled for Studying Under Current LPMit Agreements - Data in machine-readable format (CSV, FGDB or Shp) will be available for access through PSI Portal
6.	Development/Hillside Pocket	06/2021	One-off	- The general information on the distribution of hillside pockets, i.e. natural terrain catchments that have been affected by human disturbance to varying degrees - Data in machine-readable format (FGDB or Shp) will be available for access through PSI Portal
7.	Development/Historical Landslide Catchment	06/2021	Every 3 years	- The general information on the distribution of natural terrain catchment with known past landslides that occurred close to existing building and important transport corridors - Data in machine-readable format (FGDB or Shp) will be available for access through PSI Portal
8.	Development/Enhanced Natural Terrain Landslide Inventory (Crown)	06/2021	Every 3 years	- The distribution of natural terrain landslides – landslide crown location - Data in machine-readable format (FGDB or Shp) will be available for access through PSI Portal
9.	Development/Enhanced Natural Terrain Landslide Inventory (Trail)	06/2021	Every 3 years	- The distribution of natural terrain landslides – landslide debris trail - Data in machine-readable format (FGDB or Shp) will be available for access through PSI Portal
10.	Development/Boulder	06/2021	One-off	- The general information on location of boulder areas - Data in machine-readable format (FGDB or Shp) will be available for access through PSI Portal

**C. Datasets planned to be opened up by other organisations****(1) [name of organisation]**

	Type of Data/ Name of Dataset	Target Release Date	Frequency of Updating	Remarks

**D. Progress: Datasets already uploaded to PSI Portal by Department and other organisations**

	Type of Data/ Name of Dataset	Release Date	Frequency of Updating	Remarks
1.	Environment/The Quantity of Natural Sand from Mainland used in Construction Industry	08/2017	Monthly (starting from 01/2008)	<ul style="list-style-type: none"><li>- Records (as early as late 01/2008) are currently available at Data.Gov.HK website (<a href="https://data.gov.hk/en-data/dataset/hk-chedd-csu-rmshk-data">https://data.gov.hk/en-data/dataset/hk-chedd-csu-rmshk-data</a>)</li><li>- Format: XLS/XLSX and CSV</li></ul> <p>Or downloaded from CEDD website (<a href="https://www.chedd.gov.hk/eng/public-services-forms/fill-management/removal-and-importation-of-sand-in-hong-kong/index.html">https://www.chedd.gov.hk/eng/public-services-forms/fill-management/removal-and-importation-of-sand-in-hong-kong/index.html</a>)</p> <ul style="list-style-type: none"><li>- Format: XLS/XLSX and CSV</li></ul>
