

Civil Engineering and Development Department

Post-Secondary Student Summer Internship Programme and Vacation Training Scheme 2026

General Requirements:

- (1) Applicants should be currently enrolled in **full-time** courses of post-secondary institutions **locally** or **overseas**.
- (2) Applicants' subjects of study for each post are specified (if any) below.
- (3) Applicants should be fluent in both Cantonese and English.
- (4) Applicants should produce transcripts issued by the appropriate authority of their post-secondary institutions certifying their academic status in the institutions; and relevant certificates showing the results of English and Chinese languages in public examinations.

Allowance:	HK\$11,500 per month
Terms of Engagement:	Successful applicants will be engaged under non-civil service appointment terms.
How to Apply:	(1) Completed application forms with copies of all academic transcripts at post-secondary institutions and relevant certificates such as certificates of the Hong Kong Diploma of Secondary Education Examination, the Hong Kong Certificate of Education Examination, the Hong Kong Advanced Level Examination and other public language examinations (e.g. TOEFL, IELTS, GCE and GCSE etc.) showing the results achieved in English and Chinese languages in such examinations, should be sent to us by email (Email address: appt3@cedd.gov.hk) on or before the closing date of application. Please specify 'Application for Summer Intern' in the email subject. If candidates fail to provide the required documents as requested by 20 March 2026, their applications will not be considered. (2) Applications and supporting documents submitted in person, by post or by fax will NOT be accepted. (3) Applications that are incomplete, late or without photocopies of academic transcripts and relevant certificates will also not be considered. (4) Each applicant should at most apply for ONE post. Otherwise, the applicant will not be considered. (5) To facilitate communication, applicants are reminded to provide their email addresses and contact telephone numbers on their application forms. (6) Selection interviews are not required and successful applicants will be notified separately. Those who have not received any notification from the Civil Engineering and Development Department by 1 July 2026 may assume their applications are unsuccessful.
E-mail Address:	appt3@cedd.gov.hk
Enquiry Telephone:	+852 2762 5407
Closing Date of Application:	20 March 2026
General Notes:	(a) Candidates must be permanent residents of the Hong Kong Special Administrative Region at the time of appointment unless

	specified otherwise. (b) As an Equal Opportunities Employer, the Government is committed to eliminating discrimination in employment. The vacancy advertised is open to all applicants meeting the basic entry requirement irrespective of their disability, sex, marital status, pregnancy, age, family status, sexual orientation and race. (c) Non-civil service vacancies are not posts on the civil service establishment. Candidates appointed are not on civil service terms of appointment and conditions of service. Candidates appointed are not civil servants and will not be eligible for posting, promotion or transfer to any posts in the Civil Service. (d) The entry pay, terms of appointment and conditions of service to be offered are subject to the provisions prevailing at the time the offer of appointment is made. (e) Where a large number of candidates meet the specified entry requirements, the recruiting department may devise shortlisting criteria to select the better qualified candidates for further processing. (f) It is Government policy to place people with a disability in appropriate jobs wherever possible. If a disabled candidate meets the entry requirements, he/she will not be subject to any further shortlisting criteria. (g) Holders of academic qualifications other than those obtained from Hong Kong institutions/Hong Kong Examinations and Assessment Authority may also apply but their qualifications will be subject to assessments on equivalence with the required entry qualifications. They should submit copies of their official transcripts and certificates by email.

Vacancy Details

Job Title: Post 1 – Summer Intern (Information Technology and Innovation Unit)

Entry Requirements:	(a) Year 2 or above in Computer Sciences / Information Technology / Computer related Degree Course or equivalent is required; and (b) Possess Basic IT knowledge.
Duties:	To update IT inventory records and assist in workflow system.
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 2 - Summer Intern (Public Relations Unit)

Entry Requirements:	(a) Year 2 or 3 in Bachelor Degree in Journalism / New Media / Creative Media / Advertising / Communication Design or equivalent is required; and (b) Skills in Graphics / illustration design, photo / video editing / social media management and desktop publishing are preferred.
Duties:	To assist in development and implementation of publicity ideas for promoting departmental image, e.g. creation of promotional videos, social media posts, printed materials, etc.
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 3 - Summer Intern (Survey Division)

Entry Requirements:	(a) Year 2 or 3 in Land Surveying and Geo-Informatics Degree Course or equivalent is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	(1) To assist in the land surveying activities; (2) To assist in Building Information Modelling (BIM) application, remote sensing analysis and development of GIS for surveying application; and (3) To assist in the application and development of new survey technologies.
Normal Place of Work:	West Kowloon Government Offices / One Mongkok Road Commercial Centre
Internship Period:	8 weeks starting from July 2026

Job Title: Post 4 - Summer Intern (Survey Division)

Entry Requirements:	(a) Year 1 in Higher Diploma in Geospatial Science and Land Surveying Course or equivalent is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	(1) To assist in the land surveying activities; (2) To assist in Building Information Modelling (BIM) application and remote sensing analysis and the development of GIS for surveying application; and (3) To assist in the application and development of new survey technologies.
Normal Place of Work:	West Kowloon Government Offices / One Mongkok Road Commercial Centre
Internship Period:	8 weeks starting from July 2026

Job Title: Post 5 - Summer Intern (Project Unit)

Entry Requirements:	(a) Year 2 or above in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist in contract administration and site supervision for CV/2022/08 – Site Formation and Infrastructure Works at Area 48, Fanling.
Normal Place of Work:	Site office in Sandy Ridge, Sheung Shui
Internship Period:	8 weeks starting from July 2026

Job Title: Post 6 - Summer Intern (Project Unit)

Entry Requirements:	(a) Year 2 or above in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist in contract administration and site supervision for CV/2023/16 – Site Formation and Infrastructure Works at Tin Wah Road, Lau Fau Shan.
Normal Place of Work:	Site office near Tin Wah Road, Tin Shui Wai
Internship Period:	8 weeks starting from July 2026

Job Title: Post 7 - Summer Intern (Project Unit)

Entry Requirements:	(a) Year 2 or above in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist in contract administration and site supervision for Site Formation and Infrastructure Works at To Yuen Tung, Tai Po.
Normal Place of Work:	Site office in Tai Po
Internship Period:	8 weeks starting from July 2026

Job Title: Post 8 - Summer Intern (Port Works Division)

Entry Requirements:	(a) Year 2 or 3 in Civil Engineering Degree Course is required; and (b) A valid Green card is required when reporting for duty.
Duties:	To assist in contract administration and site supervision for the project “Improvement Works at Yung Shue O Jetty”.
Normal Place of Work:	Civil Engineering and Development Building, Homantin and occasional site/field visits
Internship Period:	8 weeks starting from July 2026

Job Title: Post 9 - Summer Intern (Port Works Division)

Entry Requirements:	Year 2 or 3 in Civil Engineering Degree Course is required.
Duties:	To assist in the planning and design of projects under Pier Improvement Programme (e.g. Improvement Works at Yim Tin Tsai Pier, etc.).
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 10 - Summer Intern (Fill Management Division)

Entry Requirements:	Year 2 or above in Civil Engineering Degree Course is required.
Duties:	(1) To compile the data of forecast sediment disposal demand from planned projects in HK; (2) To compile the data of water quality for the Central Monitoring Management System report; and (3) To assist the tasks in the management of sediment disposal facility to the East of Sha Chau.
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 11 - Summer Intern (Fill Management Division)

Entry Requirements:	(a) Year 2 or above in Computing or IT Degree Course; (b) Programming knowledge (e.g. Python, ASP.NET); and (c) Database knowledge (MS Access) is required.
Duties:	To assist in developing the fifth batch of some commonly used queries and reports, mainly on returns, reporting and database extractions from Trade Single Window System, for processing sand removal permit applications.
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 12 - Summer Intern (Fill Management Division)

Entry Requirements:	(a) Year 2 or above in Computing or IT Degree Course; (b) Programming knowledge (e.g. C#, ASP.NET, Javascript); and (c) Database knowledge (MS Access) is required.
Duties:	To assist in revamping the module in the existing Dumping Licence Information System to handle the database, statistics and automatic generation of letters for overloading non-compliances.
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 13 - Summer Intern (Housing Projects 2 Division)

Entry Requirements:	(a) Year 2 or above in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist the Project Manager's Delegate in the daily contract administration and site supervision of the project: Site Formation and Infrastructure Works for Public Housing Development at Ex-Mount Davis Cottage Area in Kennedy Town.
Normal Place of Work:	Site office in Kennedy Town
Internship Period:	8 weeks starting from July 2026

Job Title: Post 14 - Summer Intern (Housing Projects 2 Division)

Entry Requirements:	(a) Year 2 or above in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist the Project Manager's Delegate in the daily contract administration and site supervision of the project: Site Formation and Infrastructure Works near Tan Kwai Tsuen in Yuen Long.
Normal Place of Work:	Site office in Yuen Long
Internship Period:	8 weeks starting from July 2026

Job Title: Post 15 - Summer Intern (Housing Projects 2 Division)

Entry Requirements:	(a) Year 2 or above in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist the Project Manager's Delegate in the daily contract administration and site supervision of the project: Site Formation and Infrastructure Works at Tuen Mun Central.
Normal Place of Work:	Site office in Tuen Mun
Internship Period:	8 weeks starting from July 2026

Job Title: Post 16 - Summer Intern (Materials and Testing Division)

Entry Requirements:	(a) Year 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist in carrying out soil / rock tests, compilation of test data and technical development of laboratory tests.
Normal Place of Work:	Public Works Central Laboratory in Kowloon Bay and outside office
Internship Period:	8 weeks starting from July 2026

Job Title: Post 17 - Summer Intern (Materials and Testing Division)

Entry Requirements:	(a) Year 2 in Higher Diploma in Civil Engineering is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist in carrying out soil/rock tests, compilation of test data and technical development of laboratory tests.
Normal Place of Work:	Public Works Central Laboratory in Kowloon Bay and outside office
Internship Period:	8 weeks starting from July 2026

Job Title: Post 18 - Summer Intern (Landslip Preventive Measures Division 2)

Entry Requirements:	(a) Year 2 or above in Civil Engineering Degree Course is required; and (b) Experience in computer programming including visual programming, C# and python, and Building Information Modelling (BIM) is desirable.
Duties:	To assist in the development of advanced automation tools for geotechnical design under the Landslip Prevention and Mitigation Programme.
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 19 - Summer Intern (Landslip Preventive Measures Division 2)

Entry Requirements:	(a) Year 2 or above Data Science / Computer Science / Geo-informatics or equivalent Degree Course is required; and (b) Experience in GIS software (e.g. QGIS/ArcGIS), python and SQL is desirable.
Duties:	To assist in digital transformation of database and knowledge management related to landslide investigation.
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 20 - Summer Intern (Landslip Preventive Measures Division 2)

Entry Requirements:	(a) Year 2 or above in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To carry out desk study, inspection and other matters related to landslide investigation.
Normal Place of Work:	Civil Engineering and Development Building, Homantin, with occasional site / field visits
Internship Period:	8 weeks starting from July 2026

Job Title: Post 21 - Summer Intern (Slope Safety Division)

Entry Requirements:	Year 2 or above in Data Science / Computer Science / Artificial Intelligence or equivalent Degree Course is required.
Duties:	To assist in research and development of various areas of data-driven innovative technology applications related to slope safety (e.g. development of Smart Slope Catalogue with AI applications).
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 22 - Summer Intern (Slope Safety Division)

Entry Requirements:	Year 2 / Year 3 in Data Science / Computer Science / Artificial Intelligence / Land Surveying and Geo-Informatics or equivalent Degree Course is required.
Duties:	To assist in enhancing the Emergency IT System, including the Common Operational Picture and Landslide Information System, by integrating intelligent chatbots and real-time incidents information.
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 23 - Summer Intern (Slope Safety Division)

Entry Requirements:	(a) Year 2 or 3 in Bachelor Degree in New / Creative Media, Advertising / Communication Design or equivalent is required; and (b) Skills in graphics / illustration design, photography / videography, photo / video editing and desktop publishing are preferred.
Duties:	To assist in development and implementation of publicity ideas for promoting slope safety and other geotechnical engineering related topics, e.g. creation/editing of promotional videos/animations, social media posts, printed materials, etc.
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 24 - Summer Intern (Planning and Development Division)

Entry Requirements:	Year 2 or above in Civil Engineering Degree Course is required.
Duties:	To assist in research and development in various areas of geotechnical engineering and climate change (e.g. landslide prediction using machine learning and data analytics, rainfall analysis, groundwater study and seepage analysis).
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 25 - Summer Intern (Planning and Development Division)

Entry Requirements:	(a) Year 2 or above in Computer Science / Data Science /Artificial Intelligence / Statistics or related Degree Course is required; and (b) Knowledge of computer programming including Python or R in relation to data analytics and machine learning is preferred.
Duties:	To assist in the development of computer database, machine learning and AI methodologies for research and development in various areas of geotechnical engineering (e.g. landslide risk analyses and evaluation of man-made slopes and natural hillside catchments).
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 26 - Summer Intern (Planning and Development Division)

Entry Requirements:	Year 2 or above in Civil Engineering Degree Course is required.
Duties:	To assist in research and development in various areas of geotechnical engineering (e.g. design of deep excavations, design of retaining walls, risk analyses of man-made slopes and natural hillside catchments, evaluation of landslide risk, slope stability analysis, and slope stabilization works).
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 27 - Summer Intern (Planning and Development Division)

Entry Requirements:	(a) Year 2 or above in Earth Sciences / Geology / Earth System Sciences Degree Course is required; and (b) Knowledge of ArcGIS is preferred.
Duties:	(1) To help digitise various geological/landslide/aerial photograph-related information held by the Planning and Development Division; (2) To carry out/assist in geology-related projects; and (3) To assist in compiling and checking digital geological maps to be produced by the Planning and Development Division.
Normal Place of Work:	Civil Engineering and Development Building, Homantin and occasional site / field visits
Internship Period:	8 weeks starting from July 2026

Job Title: Post 28 - Summer Intern (Planning and Development Division)

Entry Requirements:	(a) Year 2 or above in Earth Sciences / Geology / Earth System Sciences / Earth and Planetary Science Degree Course is required; and (b) Knowledge of ArcGIS and computer programming including Python is preferred.
Duties:	(1) To assist in tasks related to terrain evaluation in the Planning and Development Division; and (2) To assist in tasks related to the Digital Aerial Photograph Interpretation System (DPAIS), Enhanced Natural Terrain Landslide Inventory (ENTLI) and Historical Landslide Catchments (HLCs).
Normal Place of Work:	Civil Engineering and Development Building, Homantin and occasional site / field visits
Internship Period:	8 weeks starting from July 2026

Job Title: Post 29 - Summer Intern (Planning and Development Division)

Entry Requirements:	Year 2 or above in Civil Engineering Degree Course is required.
Duties:	To assist in research and development in various areas of geotechnical engineering (e.g. evaluation of man-made slope landslide risk, slope related analysis, seismicity, debris mobility).
Normal Place of Work:	Civil Engineering and Development Building, Homantin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 30 - Summer Intern (Mines Division)

Entry Requirements:	(a) Year 2 or above in Computer Science Post-Secondary / Degree Course or equivalent is required; and (b) Being familiar with Java/PHP7/HTML5/JS/CSS/Selenium is preferred.
Duties:	(1) To perform a public facing website development; (2) To develop a management system developed by Java; (3) To prepare test automation scripts; and (4) To revamp user manual.
Normal Place of Work:	West Kowloon Government Offices and occasional visits to other offices
Internship Period:	8 weeks starting from July 2026

Job Title: Post 31 - Summer Intern (East Development Office)

Entry Requirements:	(a) Year 1 / 2 / 3 in Civil Engineering Degree Course or Year 1 / 2 / 3 in Higher Diploma in Civil Engineering is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist the Geotechnical team at the Trunk Road T4 site.
Normal Place of Work:	T4 Secondary Office, Tai Chung Kiu Road, Sha Tin
Internship Period:	8 weeks starting from July 2026

Job Title: Post 32 - Summer Intern (East Development Office)

Entry Requirements:	(a) Year 2 or above in Electrical Engineering / Mechanical Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist in management and site supervision of E&M / TCSS works in Trunk Road T2 Site project.
Normal Place of Work:	Trunk Road T2 Site
Internship Period:	8 weeks starting from July 2026

Job Title: Post 33 - Summer Intern (South Development and Sustainable Lantau Office)

Entry Requirements:	(a) Year 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist the Project Manager's Delegate in the daily contract administration of Contract No. NL/2020/06 – Tung Chung New Town Extension – Site Formation and Infrastructure Works at Tung Chung Valley, Phase 1.
Normal Place of Work:	Site office and works areas in Tung Chung
Internship Period:	8 weeks starting from July 2026

Job Title: Post 34 - Summer Intern (South Development and Sustainable Lantau Office)

Entry Requirements:	(a) Year 2 or Year 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist the Project Manager's Delegate in the daily contract administration of Contract No. NL/2023/10 – Infrastructure Works at Tung Chung Valley, Yu Tung Road and Ma Wan Chung.
Normal Place of Work:	Site office and works areas in Tung Chung
Internship Period:	8 weeks starting from July 2026

Job Title: Post 35 - Summer Intern (South Development and Sustainable Lantau Office)

Entry Requirements:	(a) Year 2 or 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist the Project Manager's Delegate in the daily contract administration of Contract No. NL/2023/11 – Infrastructure Works at Tung Chung Valley, Phase 2.
Normal Place of Work:	Site office and works areas in Tung Chung
Internship Period:	8 weeks starting from July 2026

Job Title: Post 36 - Summer Intern (South Development and Sustainable Lantau Office)

Entry Requirements:	(a) Year 2 or Year 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist in day-to-day project management and administration of Contract No. SD/2024/02 – Site Formation and Infrastructure Works for Public Housing Development at Three Urban Squatter Areas, Kowloon East.
Normal Place of Work:	West Kowloon Government Office / On-site
Internship Period:	8 weeks starting from July 2026

Job Title: Post 37 - Summer Intern (South Development and Sustainable Lantau Office)

Entry Requirements:	(a) Year 2 or Year 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist in day-to-day project management and administration of the Contract for Excavation and Lateral Support Works for the Integrated Basement and Underground Road of the West Kowloon Cultural District.
Normal Place of Work:	West Kowloon Government Office and works areas in West Kowloon Cultural District
Internship Period:	8 weeks starting from July 2026

Job Title: Post 38 - Summer Intern (South Development and Sustainable Lantau Office)

Entry Requirements:	(a) Year 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist the Project Manager's Delegate in the daily contract administration of Contract No. NL/2025/09 – Tung Chung New Town Extension - Infrastructure Works at Ying Hei Road and Tung Chung Waterfront Road.
Normal Place of Work:	Site Office in Tung Chung
Internship Period:	8 weeks starting from July 2026

Job Title: Post 39 - Summer Intern (South Development and Sustainable Lantau Office)

Entry Requirements:	(a) Year 2 or above in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist the Project Manager's Delegate in the daily contract administration of Contract No. IS/2022/02 – Improvement Works at Mui Wo, phase 2 stage 2.
Normal Place of Work:	Site Office in Mui Wo
Internship Period:	8 weeks starting from July 2026

Job Title: Post 40 - Summer Intern (South Development and Sustainable Lantau Office)

Entry Requirements:	(a) Year 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist the Project Manager's Delegate in the daily contract administration of Contract No. NL/2020/03 – Tung Chung New Town Extension - Major Infrastructure Works in Tung Chung East.
Normal Place of Work:	Site Office in Tung Chung
Internship Period:	8 weeks starting from July 2026

Job Title: Post 41 - Summer Intern (South Development and Sustainable Lantau Office)

Entry Requirements:	(a) Year 2 or above in Landscape Architecture / Urban Studies / Urban Design / Social Innovation Degree Course, or Year 1 or above student in Urban Planning Master Degree Course is required; and (b) Computer drawing skill/landscape design/urban design background and co-creation experience is an advantage.
Duties:	To assist in co-creation and detailed design project for Mui Wo township improvement, including conducting research, field study, design analysis and preparing presentation materials; and to assist in updating database of environmental vandalism case of Lantau.
Normal Place of Work:	1063 King's Road, Quarry Bay
Internship Period:	8 weeks starting from July 2026

Job Title: Post 42 - Summer Intern (South Development and Sustainable Lantau Office)

Entry Requirements:	Year 2 or above in Arts, Language, Humanities or Social Science Degree Course is required.
Duties:	(a) To assist in the works of the Lantau Conservation Fund Secretariat, including consolidating assessments from various parties and preparing meeting materials for Advisory Committee Meetings during the period; and (b) To assist in monitoring of approved LCF projects related to cultural/nature conservation.
Normal Place of Work:	1063 King's Road, Quarry Bay and outdoors in Lantau
Internship Period:	8 weeks starting from July 2026

Job Title: Post 43 - Summer Intern (West Development Office)

Entry Requirements:	(a) Year 2 / Year 3 in Civil Engineering Degree Course or Year 2 / Year 3 in Higher Diploma in Civil Engineering is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist in day-to-day project management and administration of Contract No. YL/2023/01 – Hung Shui Kiu/Ha Tsuen New Development Area (HSK/HT NDA) Second Phase Development – Contract 1 – Site Formation and Engineering Infrastructure Works; and daily operation of the HSK/HT NDA Community Liaison Centre.
Normal Place of Work:	Tin Shui Wai, Yuen Long and Tuen Mun
Internship Period:	8 weeks starting from July 2026

Job Title: Post 44 - Summer Intern (West Development Office)

Entry Requirements:	(a) Year 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	(a) To assist in contract supervision for the construction of fresh water service reservoir and mainlaying works; and (b) To provide technical support on public consultation and engagement activities of Contract No. YL/2023/02 – Hung Shui Kiu/Ha Tsuen New Development Area Second Phase Development – Contract 2 – Fresh Water Service Reservoir and Associated Mainlaying Works.
Normal Place of Work:	Hung Shui Kiu, Tin Shui Wai and construction site at Tan Kwai Tsuen
Internship Period:	8 weeks starting from July 2026

Job Title: Post 45 - Summer Intern (West Development Office)

Entry Requirements:	(a) Year 1 / Year 2 / Year 3 in Civil Engineering Degree Course or Year 1 / Year 2 / Year 3 in Higher Diploma in Civil Engineering is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To provide on-site coordination, supervision, and engineering support for Project Office under Contract No. YL/2023/03 – Hung Shui Kiu/Ha Tsuen New Development Area Second Phase Development – Contract 3 – Site Formation and Engineering Infrastructure Works.
Normal Place of Work:	Hung Shui Kiu site office of Contract No. YL/2023/03
Internship Period:	8 weeks starting from July 2026

Job Title: Post 46 - Summer Intern (West Development Office)

Entry Requirements:	(a) Year 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To provide assistance in the site administration including the checking of submissions, inspections, designs, etc for Contract No. YL/2023/05 – Hung Shui Kiu/Ha Tsuen New Development Area Second Phase Development – Contract 5 – Site Formation and Engineering Infrastructure Works.
Normal Place of Work:	Hung Shui Kiu site office of Contract No. YL/2023/05
Internship Period:	8 weeks starting from July 2026

Job Title: Post 47 - Summer Intern (West Development Office)

Entry Requirements:	(a) Year 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To provide assistance in the site administration including the checking of submissions, inspections, designs, etc for Contract No. YL/2021/04 – Site formation and infrastructure works for Yuen Long South First Phase Development – Contract 2.
Normal Place of Work:	Yuen Long South Site Office, Yuen Ching Road, Yuen Long
Internship Period:	8 weeks starting from July 2026

Job Title: Post 48 - Summer Intern (West Development Office)

Entry Requirements:	(a) Year 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To provide assistance in the site administration including the checking of submissions, inspections, designs, etc for Contract No. YL/2022/01 – Site formation and infrastructure works for Yuen Long South First Phase Development – Contract 3.
Normal Place of Work:	Yuen Long South Site Office, Yuen Ching Road, Yuen Long
Internship Period:	8 weeks starting from July 2026

Job Title: Post 49 - Summer Intern (North Development Office)

Entry Requirements:	(a) Year 2 or Year 3 in Civil Engineering Degree Course is required; and (b) A valid Green Card is required when reporting for duty.
Duties:	To assist CEDD staff on consultancy and contract management for San Tin Technopole.
Normal Place of Work:	Kwai Fong and occasional site / field visits
Internship Period:	8 weeks starting from July 2026

Job Title: Post 50 - Summer Intern (North Development Office)

Entry Requirements:	(a) Year 2 or 3 in Civil Engineering Degree Course is required; and (b) A valid Green card is required when reporting for duty.
Duties:	To assist the resident site staff to manage the works contract for Contract No. ND/2024/06 – Fanling North New Development Area, Remaining Phase: Fresh Water and Flushing Water Service Reservoirs and Associated Works.
Normal Place of Work:	Sheung Shui
Internship Period:	8 weeks starting from July 2026

Job Title: Post 51 - Summer Intern (North Development Office)

Entry Requirements:	(a) Year 2 or 3 in Civil Engineering Degree Course is required; and (b) A valid Green card is required when reporting for duty.
Duties:	To assist the resident site staff to manage the works contract for Contract No. ND/2024/03 – Kwu Tung North New Development Area, Remaining Phase: Improvement Works of Fanling Highway (Kwu Tung Portion) and Associated Works.
Normal Place of Work:	Kwu Tung
Internship Period:	8 weeks starting from July 2026

Job Title: Post 52 - Summer Intern (North Development Office)

Entry Requirements:	(a) Year 2 or 3 in Civil Engineering Degree Course is required; and (b) A valid Green card is required when reporting for duty.
Duties:	To assist the resident site staff to manage the works contract for Contract No. ND/2024/04 – Kwu Tung North New Development Area, Remaining Phase: Improvement Works of Tai Tau Leng Roundabout and Po Shek Wu Road and Associated Works.
Normal Place of Work:	Kwu Tung
Internship Period:	8 weeks starting from July 2026

Job Title: Post 53 - Summer Intern (North Development Office)

Entry Requirements:	(a) Year 2 or 3 in Civil Engineering Degree Course is required; and (b) A valid Green card is required when reporting for duty.
Duties:	To assist the resident site staff to manage the works contract for Contract No. ND/2024/07 – Fanling North New Development Area, Remaining Phase: Site Formation and Infrastructure Works (East).
Normal Place of Work:	Fanling
Internship Period:	8 weeks starting from July 2026

Job Title: Post 54 - Summer Intern (North Development Office)

Entry Requirements:	(a) Year 2 or 3 in Civil Engineering Degree Course is required; and (b) A valid Green card is required when reporting for duty.
