

- Legend :**
- Drillhole
 - Original coastline prior to reclamation undertaken in 1863
 - Present coastline
 - Approximate Rockhead contour (mPD) - the contours are indicative only of ground conditions and should not be used for site specific purposes

CONDITIONS OF USE
 This map is provided on the strict understanding that it is a provisional compilation only, and that it is not to be used as a substitute for site investigation. The information provided is for the sole purpose of the customer, and is not to be passed, in any form whatsoever, to a third party.

EXCLUSION OF WARRANTY
 Use of this information is at the customer's own risk. In view of the fact that interpretations of the geology are largely based on borehole reports supplied to the Civil Engineering Library by consultants and contractors. The Government of the Hong Kong Special Administrative Region gives no warranty expressed or implied, as to the quality or accuracy of the information supplied, or to the suitability of the information for any use. The Government of the Hong Kong Special Administrative Region accepts no liability whatsoever in respect of loss, damage, injury or other occurrence however caused.
