Site Formation and Infrastructure Works for
Public Housing Developments at Tseung Kwan O
(Sewerage Works)**

General Description of Works

The Director of Environmental Protection proposes to execute the sewerage works within the limit of works area as shown on Plan No. GZ/101 (“the Plan”) annexed hereto and described hereunder. The proposed sewerage works are required to serve the public housing developments at Tseung Kwan O.

2. The general nature of the proposed sewerage works is as follows:
 - (i) construction of about 490 metres of gravity sewer and associated manholes within the limit of works area as shown on the Plan; and
 - (ii) ancillary works including reinstatement of carriageways, footpaths and central medians/traffic islands.

Roads to be Closed

3. For the purposes of or incidental to the works or the use, the Director of Environmental Protection proposes that powers under section 17 of the Roads (Works, Use and Compensation) Ordinance as applied by section 26 of the Water Pollution Control (Sewerage) Regulation may be exercised to close temporarily sections of the existing carriageways, footpaths and central medians/traffic islands within the limit of works area as shown on the Plan. Temporary alternative access will be provided and temporary diversions will be

carried out during the construction period where required. Further notice, setting out the manner in which the carriageways, footpaths and central medians/ traffic islands are to be closed, will be issued under section 18 of the Roads (Works, Use and Compensation) Ordinance as applied by section 26 of the Water Pollution Control (Sewerage) Regulation as and when required.

Apparatus whose Course or Position to be Altered

4. For the purposes of or incidental to the works or the use, the Director of Environmental Protection proposes that powers under section 20 of the Roads (Works, Use and Compensation) Ordinance as applied by section 26 of the Water Pollution Control (Sewerage) Regulation may be exercised to require alteration of the course or position of the existing utility service apparatus, such as electricity cables and ducts, telecommunication cables and ducts, water-mains, gas pipes and other service apparatus lying within the limit of the works area and to require repairing of any road surface thereby disturbed. Further notice, setting out the manner in which the course or position of such utility service apparatus is to be altered and the repair of any road surface, will be issued under section 20 of the Roads (Works, Use and Compensation) Ordinance as applied by section 26 of the Water Pollution Control (Sewerage) Regulation as and when required.
