

Construction Standard CS3:2013
Aggregates for Concrete

The following amendments are made to CS3:2013:

1. Section 22, Clause 22.6, 1st sentence: insert
“complying with BS EN 197-1” after “Portland cement”
2. Section 22, Clause 22.9(b), 4th paragraph: replace the first sentence with
“The load shall be applied at a uniform rate in the range of 150 N/s to 350 N/s.”
