

STANDARD METHOD OF MEASUREMENT FOR CIVIL ENGINEERING WORKS

1992 Edition

CORRIGENDUM No. 1/93

SECTION 1

PRELIMINARIES

Para. 1.37, line 2

Amend the word **Preamble** to **Preambles**.

SECTION 4

FENCING

For the whole Section, irrespective of whether the text is in upper case, lower case or a combination of both:

- (a) Delete **railings** and **railing**.
- (b) Replace **handrails** by **handrailing**.
- (c) Replace **guard-railings** by **guard-railing**.

SECTION 5

DRAINAGE AND DUCTS

Para. 5.15,
marginal note,
line 2

Amend the word **catchpits** to **catchpits**.

SECTION 6

PIPEWORK

(a) Para. 6.07

Add the following:

- (f) **completion of formation;**

Re-arrange paragraphs (f) to (x) to read (g) to (y) in alphabetical order.

(b) Para. 6.09

Amend the words **Less than 6°** to **6° and less**.

(c) Para. 6.36 (g)

Delete and replace by the following:

- (g) **completion of formation;**
- (h) **saw-cutting and cutting through reinforcement.**

SECTION 7

EARTHWORKS

(a) Para. 7.02

Delete and replace by the following:

7.02 No account shall be taken of excavated material arising from the Works measured in accordance with Sections other than this Section of the Method of Measurement.

(b) Amend the heading for paras. 7.50, 7.51, 7.52 and 7.53 from **COMPLETION OF EARTHWORKS FINAL SURFACE** to **COMPLETION OF FORMATION**.

(c) For paras. 7.50, 7.51, 7.52 and 7.53, irrespective of whether the text is in upper case, lower case or a combination of both, amend **completion of earthworks final surface** to **completion of formation**.

(d) Para. 7.51, lines 2 and 3 Amend **surfaces below roads and pavings and the like** to **formations for roads, pavings or structures**.

(e) Para. 7.52 Delete and replace by the following:

7.52 Separate items shall be provided for completion of formation in accordance with General Principles paragraphs 3 and 4 and the following:

Group	Feature
I	1. Completion of formation.
II	1. Surface of excavation in material other than rock or artificial hard material. 2. Surface of excavation in rock. 3. Surface of excavation in artificial hard material. 4. Surface of general fill material. 5. Surface of fine fill material. 6. Surface of granular fill material. 7. Surface of special fill material. 8. Surface of rock fill material. 9. Surface of other stated fill material.

SECTION 17

MARINE WORKS

Para. 17.05 (d)

Delete and replace by the following:

(d) loading into transport and subsequent disposal including in the case of rock or artificial hard material, breaking up and getting out;

SECTION 19

GEOTECHNICAL WORKS

Para. 19.15, line 2

Amend the word **Preamble** to **Preambles**.

SECTION 20

(a) Para. 20.18,
marginal note

(b) Para. 20.21,
marginal note,
line 3

RAILWAY WORKS

Amend the word **Slewing** to **Slewing permanent-way**.

Amend the word **accessories** to **assemblies**.

SECTION 21

Para. 21.08, line 1

SOLID WASTE DISPOSAL

Amend the word **value** to **volume**.

SECTION 25

Para. 25.24 (h),
line 1

TESTING

Amend the word **cleanlines** to **cleanliness**.

SECTION 26

Para. 26.20 (f)

MISCELLANEOUS

Amend the word **discreet** to **discrete**.
