

|                                                                                   |                                                     |                                                                                                                                       |
|-----------------------------------------------------------------------------------|-----------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
|  | <b>Civil Engineering and Development Department</b> |                                                                                                                                       |
|                                                                                   | Title:                                              | General Guidelines for Management of the Project Administration Handbook for Civil Engineering Works (PAH) by Relevant Chapter Owners |

1. The PAH, which comprises 9 chapters, is managed by the Working Group for Reviewing and Updating the PAH.
2. The Working Group is chaired by the Assistant Director (Technical) of CEDD and comprises members from the main works departments. Each member of the Working Group is the Chapter Owner of a chapter. The organization of the Working Group is shown at **Appendix A**.
3. Under the Working Group, there are 9 Working Subgroups to handle the 9 chapters. Each Chapter Owner chairs a Working Subgroup with the Secretary from the same department and other members from different departments. The composition of all the 9 Working Subgroups is shown at **Appendix B**.
4. The Chapter Owners had comprehensively reviewed the nine chapters in the period from May 2005 to May 2006. The current chapters posted on the CEDD website would serve as a platform for continuous updating by incorporating amendments initiated by the Chapter Owners and issued by CEDD.
5. As agreed by the Working Group, comprehensive review of all chapters would be completed every two years. The methodology of issuing amendments and carrying out comprehensive review is shown on a flow chart at **Appendix C**.
6. It should be stressed that it is the responsibility of each Chapter Owner to review and initiate amendments from time to time to cope with the issue of policy guidelines/ request from bureaux and departments concerned. The Chapter Owner should: -
  - ◆ Initiate draft amendments and seek endorsement within the Working Subgroup and the relevant bureaux wherever necessary so that the Secretary of the Working Group for Reviewing and Updating the PAH can arrange the issue of the amendments and post the amendments on the CEDD website; and
  - ◆ Complete the comprehensive review of the chapter under his control every two years after July 2006.
  - ◆ Update the contact list at **Appendix B** quarterly for better communication.
7. The Chapter Owner should refer to DEVB's Paper No. WPC/021 "Subsumption of Technical Circulars under Handbooks" and note that Works Branch (WB) of Development Bureau (DEVB) would be responsible for updating the parts of the PAH subsumed from technical circulars (TCs) and WB's circular memoranda, which should not be revised by the Chapter Owner.

|                                                                                   |                                                     |                                                                                                                                       |
|-----------------------------------------------------------------------------------|-----------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
|  | <b>Civil Engineering and Development Department</b> |                                                                                                                                       |
|                                                                                   | Title:                                              | General Guidelines for Management of the Project Administration Handbook for Civil Engineering Works (PAH) by Relevant Chapter Owners |

8. In accordance with the requirements in paragraph 7 of DEVB's Paper No. WPCC/021, the parts of the PAH that come from TCs or WB's circular memoranda would be distinguished from the rest of the PAH.
